Condensed Items of Interest from the Different Provinces.

The unrevised statement of inland revenue for May amounts to $647,347.

The body of an unknown man has been found in the River St. Lawrence at Cape Sante. An inquest will be held.

Andrew McFarlane, landlord of the Crawford Hotel, Windsor, died suddenly of heart disease Monday morning.

The formation of a battalion in London, Ont., to replace the 7th Fusiliers, lately disbanded, has been authorized.

David May, of Philadelphia, has been arrested at Montreal by Detective Kelleerton on the charge of having stolen $21,000 from a brick-making firm in Philadelphia.

The latest in political circles is that J. C. Patterson, M. P., is to be taken into the Cabinet as Postmaster General, and John Haggart made Minister of Railways and Canals.

The members of the Halifax carpenter's union will strike to-morrow for an increase of two cents per hour and nine hours as a day's work. The present prices are sixteen and seventeen cents per hour.

Terence Collins, aged 22, of Newfoundland, attempted suicide at Halifax by cutting his throat with a razor. He may recover. Disappointment in love was the cause.

James H. Burch, blacksmith, living near St. Catharines, has been found dead. Deceased was unmarried and living alone. Heart disease is the supposed cause.

A farmer named F. X. Deary, aged 57, of Coteau St. Pierre, dropped dead in the St. Remi train at Montreal on Monday.

An elderly man named John Wier, a member of the Chicago bar, has gone insane at Montreal and is being cared for, prior to being returned to Chicago.

A young lad named LeLievie, aged 10 years, was drowned on Monday in the St. Charles river, Quebec.

The two-year-old daughter of a widow named Pacane died Monday at Quebec from the effects of poison from a bottle left in its ways.

A young man named Hatch, 18 years of age, was drowned in the Rideau canal, Ottawa, on Sunday, when in for a swim with other lads. The unfortunate man come from Manitoe, in the county of Carlton, and worked as a section man on the Canada Atlantic railway. His body was found about three hours after.

Wm. Davis, a well known contractor and an old resident of Ottawa, died Monday after a short illness. He was over seventy years of age.

A man said to be a farmer named Ford living near Brantford, was run over on Sunday night at Ouandaga by a train and killed.

Brakeman John Lake, of Brockville, fell on the track through a chain breaking while he was tightening a brake, and two cars passed over him, killing him instantly.

John Adderson, of the 39th or Norfolk battalion, was found dead at Niagara on Monday on the shore of the river above Paradise Grove. He had left the camp Saturday morning in a discontented state. It is supposed he suicided by drowning and that his body was washed ashore.

J. B Reniard, for some time employed in the customs house, Montreal, and formerly a director of the Jacques Cartier bank and other financial corporations, died Sunday, aged 44.

Investigation into the charge against Elzear Bernier, of having murdered Nelson Bernier at Cape St. Ignace, Quebec, last winter, was concluded Monday, Bernier being committed for trial.

A writ of summons has been issued out of the vice-admiralty court at the suit of the owner of the tug steamer "L. N. G." against the Richelieu line steamer Montreal for damages from the collision. The amount claimed is $8,000. An attempt has been made to lift the tug.

The *Empire's* Ottawa correspondent says: An order-in-council has been passed prohibiting fishing with nets of any kind in the waters of the Bay of Quinte from Three Brothers Island near Kingston, to Trenton, at the head of the bay, during the months of June, July and August in each year.

The two cases against Captain Bloein for smuggling have been dismissed. The captain's explanation is that he purchased his schooner in Boston last March and loaded with a general cargo, including alcohol. At St. Pierre Miquelon he landed his cargo. At Cape Breton he obtained clearance papers for Montreal.

The Provincial Government of Quebec granted $10,000 to the victims of the St. Sauveur fire on condition that St. Sauveur will construct efficient water works. The amount received by the St. Sauveur relief commission is over $20,000, including $300 granted by the French Government at the instance of Monsieur Lecompte.

LICENSING COURT.

[Before Mayor Grant, Justice Richards and Alderman Harrison.]

An adjourned meeting of the Licensing Court was held at noon to-day.

His Worship said in respect to the petition of Mr. Fox for a license in Carey's building, the Court considered that the question was an important one and it would be necessary to adjourn to hear arguments respecting the qualifications of Chinese householders.

Mr Richards said the question of the qualifications of Chinese as householders should be argued. The decision on this case should establish a precedent for the future guidance of the Licensing Court. The decision arrived at might be overruled by the Supreme Court. According to the Act Chinese are prevented from voting and it was a question whether the Chinese householders and freeholders in the locality where the license is applied for are competent to sign a petition for or against the granting of a new license.

His Worship said the city barrister and Mr. Hall might state their views against granting the license, and Mr. Davie might argue in favor of granting the license.

Mr. Hall considered that a week should be granted to look into the authorities on the question.

Mr. Davie suggested that the Court might meet on Tuesday next.

The Court decided to adjourn until Friday next.

BAZAAR AND CONCERT.

Closing of the Apron Social at Philharmonic Hall.

The Apron Bazaar was brought to a close on Thursday evening. The proceeds will amount to a large sum. Almost every article on the apron tables found ready purchasers, and the refreshments provided by the ladies were enjoyed by a large number of bachelors who, unfortunately, could find no use for the necessary articles of wearing apparel disposed of at the various tables. The following programme of vocal and instrumental music and recitations was carried out during the evening: Overture by the orchestra consisting of S. B. Kelly, cornet; M. Bantley, clarionet; Prof. Kaufman, S. A. Bantley and B. J. Bantley, violins; sentimental solo, Patrick Murphy; recitation, Miss A. Jamieson; solo, Mrs. Tepperton; selection, orchestra; solo, Mr. Murphy. During the evening the ladies furnished lemonade and cakes and the amateur orchestra played several selections. The Altar Society are to be congratulated on the success of the bazaar.

GENERAL DISPATCHES.

Van Horne and Villard—LeCaron an Outcast—A Murderous Lover.

Appealing to the Prince of Wales—Riots in Vienna—The Cronin Case.

By Provincial Telegraph.

San Francisco, June 21.—W. C. Van Horne, President of the Canadian Pacific Railroad, is expected to arrive from Tacoma in a few days. A well known railroad man, commenting to-day on the conference between Van Horne and Villard at Tacoma last Tuesday, and the report that the Canadian Pacific is willing to withdraw as a competitor from the Northwest and Puget Sound if the Northern Pacific ceases its aggressions in Manitoba, said: "A bargain of that character is too much in favor of the foreign line. Its competition on Puget Sound business cannot hurt the Villard line materially, while with his line from St. Paul to Winnipeg and the extensions he contemplates from the latter place, he will secure an immense amount of business in Manitoba. Besides the scheme is hardly practicable. One of the roads from Seattle into British Columbia will be built, and the Canadian Pacific is not going to turn up its nose at the business it will get from it, no matter how small in quantity.

CHARGED WITH MURDER.

San Francisco, June 21.—Ex-policeman J. W. Wallace, who shot and killed Geo. H. Rice, a dive keeper, Tuesday night, has been charged with murder by the coroner's jury.

LOOKING TO THE PRINCE OF WALES.

Winnipeg, Man., June 21.—Hah Riowish, chief of the Wabagoon tribe, sent a cable message to the Prince of Wales last night complaining that white men are cutting timber on the shores of Eagle Lake, which is part of the Wabagoon reservation and urging him to arrange to put an end to the depredation.

EVIDENCE IN CRONIN CASE.

Chicago, June 20.—The grand jury resumed its work this morning. Alexander Sullivan seems to be the person that the tribunal is after now, and his connection with the case is being closely looked into. Stephen Donnelly, the first witness called, testified that he heard Dr. Cronin say that he was afraid that he was going to be foully death with.

LE CARON AN OUTCAST.

Chicago, June 21.—Le Caron, the British spy, who testified against Parnell before the Parnell Commission, was last night tried by his comrades of the Winfield street Hancock Post, No. 560, Grand Army of the Republic, and summarily dismissed from the organization. The charges against him were that he was unworthy of being a comrade of the other members. The trial was brought about by his testimony given in the Parnell case.

WHOLESALE KILLING.

Helena, Mont., June 21.—The bodies of two men and a middle-aged woman and two young girls, all shot in the back except the youngest girl, who had been strangled, have been found in the Judith country, about 150 miles north of Helena. Everything by which the bodies might be identified had been destroyed. The victims are supposed to have been emigrants from either Iowa or Illinois.

A MURDEROUS LOVER.

Elgin, Neb., June 21—About midnight last night a man named Nick Foley shot and instantly killed Mrs. Pomeroy Clark, residing three miles north-east of this place, and slightly wounded her husband. Foley was in love with Miss Effie Biggs, a sister of Mrs. Clark, but she rejected his attentions. About midnight he entered the house and meeting Clark shot him in the side. Clark then threw him down stairs. Procuring a ladder, Foley climbed up to the window and shot Mrs. Clark through the head. He then fired several more shots at Clark and Miss Biggs, but without effect, and going to the stable took a valuable mare and fled. A posse of citizens are after him and he will probably be lynched if caught.

NEW SUGAR MILL.

Reading, Pa., June 21.—Claus Spreckels has informed the Board of Trade that he will build a sugar mill here if surrounding farmers will plant 50,000 acres in sugar beets. A vigorous endeavor will be made to secure the enterprise here.

SERIOUS RIOTS.

Vienna, June 21.—Serious riots, the outcome of strikes in that region, occurred at Kladro, Bohemia. The strikers defied the gens d'armes and the latter were compelled to fire several volleys into the mob before they could be dispersed. Two rebellious miners were killed and two wounded. Further trouble is feared and three battalions of infantry have been sent to the scene.

HEAVY SENTENCE.

New York, June 21. Wm T. Howard, convicted recently in the Electric Sugar Refinery case, was sentenced to 9 years and 7 months imprisonment in the state prison.

SIMON CAMERON PARALYZED.

Lancaster, June 21.—The condition of General Simon Cameron was to-day reported about the same, although at noon he was resting somewhat easier. His entire right side is paralyzed. The General was in bed when the stroke came. He is conscious of his surroundings; physicians are in constant attendance. At 2 o'clock this afternoon a messenger from General Cameron's bedside stated there is no change in his condition and no hopes of recovery.

BURKE ARRAIGNED.

Winnipeg, Man., June 21.—Martin Burke was arraigned this morning on the charge of the murder of Cronin. The judge set the case for Wednesday next for hearing.

GETTING SERIOUS.

Chicago, June 21.—The grand jury resumed its consideration of the Cronin case this morning and additional evidence has been obtained which renders the indictment of Alexander Sullivan more probable than it appeared yesterday.

WAGES PAID IN JOHNSTOWN.

Johnstown, June 21.—Joshua Kerns, of Bellefont, Pa., who was assaulted and robbed last night in Cambria City was found this morning lying in the street unconscious and was taken to the hospital. Particulars of the assault are not learned. The physician says his injuries are very serious.

Nearly $1,000,000 in wages was paid out this morning to employees of the Cambria Iron Co. in payment for wages for two weeks previous to the flood. At that same time the Company had 5000 names on its pay roll; to-day 3000 answered to their names. It is known almost to a certainty that 1000 employees have lost their lives in the flood. The employees of the Gautier Steel Company were also paid to-day. About fifty-four thousand dollars in wages due for the first two weeks of May, was distributed among the employees. This company employed 1,200 men; 700 answered to their names to-day. About 152 of the employees were among the lost in the flood.

For the Warm Weather.

A number of family, hotel, and counter Refrigerators just received at McLennan & McFeely's, 70 Yates street. *tf

SPORTING NEWS.

Challenges—Letter from Thomas Watson—Hose Tournament.

Owing to a dispute regarding the one hundred-yard dash between Watson and Irvine, at Hastings Athletic Grounds, on Saturday, 15th June, and that several of Watson's friends claim that he can beat Irvine, the latter challenges the former to run one hundred yards, best two in three, scratch start, ten feet, for $50 or $100, the race to take place on any good track. He also challenges E. Shade, of Victoria, or any other local pedestrian, to walk ten or twenty-five miles (square heel and toe), for from $100 to $300 a side. He has $50 to bind either or both matches in the hands of J. Carey, Brunswick Hotel.—*News-Advertiser.*

EXPLANATION ASKED FOR.

EDITOR DAILY TIMES:—The above challenge was pointed out to me this morning and it was the first that I knew of a race with Irvine. I was not in Vancouver on the 15th of June or any other day within the last three years, and I wish the people of Vancouver to understand that I know nothing of the race or the challenge. I would like to hear through the *News-Advertiser* where Mr. Watson comes from and whether he was passing off as a Victorian. My race is not 100 yards; but I will accommodate Mr. Irvine with a race for a quarter of a mile.

TOM WATSON.

HOSE TOURNAMENT.

The Victoria hosemen are anxious to hear from Vancouver regarding the races, prizes and rules governing the tournament on Dominion Day. If the Terminals expect to have a team from this city they should send the programme of races with the rules under which they are practicing.

CLEARY AND AUSTIN.

The bare knuckle fight between Cleary and Austin is declared off. The pugilists cannot agree on the size of the ring. Austin is asking for a 24 foot ring while Cleary considers that 18 feet is space enough for the set to. The sporting editor considers that a six-foot cell with iron bars would be the proper place for men anxious to batter up each other's faces for money.

SLIGHTLY WRONG, AND RIGHT.

Over 3,000 people paid to see a game of ball at Victoria, B. C., on the Queen's Birthday, between the Victoria Amities and Port Townsends, and they got the worth of their money, as it required ten innings for the home club to win by 10 to 7. Baseball is becoming even more popular in British Columbia than it is in Canada, and that is saying a great deal.—*Sporting Life.* The editor of *Life* will have to study Canadian history if he wants to keep up his Canadian circulation. British Columbia happens to be a portion of Canada, and a very important portion too.—Toronto *Empire.* And we're quite proud of it, too, even if we are a little far off.

BASEBALL.

A glance over the score of the baseball game between the Vancouver Terminals and the Westminster team on Saturday shows that the former owes a good deal to the Victoria catcher for their victory. Out of the 16 runs made by the Terminals 4 were made by Hannan. With the bases full he lined out a four bagger, thus piling up as many runs for the Terminals. He is credited with a home run, three base hit and double and two singles. For Vancouver Adams struck out 16, Vallean (for Westminster) 10. In errors honors were even.

At 2:30 o'clock to-morrow afternoon the news and job departments of the *Colonist* office will play a game of baseball on Beacon Hill. The following players will wield the bat for the respective departments:

NEWS DEPT.	POS	JOB DEPT.
Campbell	catcher	Vincent.
Ellis, W	pitcher	Clyde
Murphy	1b	Blackburn
Howard	2b	Partridge
McDonald	1b	McCabe
Cullen, W	2b	Ellis, A.
McKay	ss	Simpson
Mackie	c	Hall
Evans	rf	McMillan

An exciting game and a high score is expected.

THE NEW QUARTERS

To be Occupied by the Young Men's Christian Association.

It will be of interest to the public to learn that within a few months the Young Men's Christian Association in this city will occupy large and commodious rooms which will be in keeping with the work in a great, growing and prosperous community like Victoria.

Tenders have been called for the construction of a brick building on the northwest corner of Broad and Trounce streets for A. A. Green, Esq. This building will have a frontage of 60 feet on Broad street and 120 feet on Trounce street, and the whole of the second storey will be occupied by the association. There will be two entrances to the rooms, the Broad street, or main entrance, at the northeast corner of the building and one from Trounce street. The floor will be divided as follows: The secretary's room and the reading room will front on Broad, the latter being 33 feet in length by 22 feet in width, splendidly lighted and airy. Next to these the amusement room and parlor, and next to these the main hall, which will occupy the full width of the building and have a seating capacity of at least 300. Behind the main hall will be two class rooms and back of all the gymnasium, 40x20, with a dressing room and fifty lockers. Besides these there will be baths, toilets, etc., making the rooms equal, if not superior, to those of any well regulated association in a city of this size. A large corridor will run along the north side of the building on to which the rooms will open.

It is expected the new rooms will be ready for occupation by the first of October, when a grand opening will take place.

The association, under the present secretary, is a wide awake institution, which fully realizes that old things and old methods are not going to do any longer. The ground flat of the new building will be divided into stores and offices. The building to be erected across Trounce street will be the same size and an exact counterpart of Mr. Green's. When both are completed a very great improvement will be made in that part of the town.

WIDENING OUT.

The Messrs. Dunsmuir Extend Their Business Quarters.

An important transaction as indicating the growing business of this city is made known to-day. The Messrs Dunsmuir it is understood have rented the second storeys of the buildings between their present offices and Broughton street, including three brick blocks, which will be at once fitted up into offices for the use of the company. The present tenants have been notified to vacate. It is the intention of the company to make their headquarters here even more than before and thus to concentrate their business here as much as possible.

The new management it is said possess all the ability, energy and go ahead of the old with a thorough knowledge of modern methods added to it.

Cutlery.

M. & H. A. Fox have just received direct from Sheffield a large stock of table and pocket cutlery, scissors, etc. Shaving outfits a specialty. Call and examine at 78 Government street.

TO THE TIMES ONLY.

Burke, the Suspect, is the Man Wanted—A Boy Murderer—A Land Owner Dead.

The Magdalene Islands Sold—Murder in Chatham—Freshet in Nova Scotia.

Special to THE TIMES.]

Winnipeg, June 21.—Officer Collins, of Chicago, arrived yesterday and identified Martin Burke as the man wanted in the Cronin murder case. An information was immediately sworn out, charging him with wilful murder. Extradition papers will be taken out.

Geo. D. MacVicar, Winnipeg's largest real estate owner, died this morning.

MAGDALENE ISLANDS.

Halifax, June 21.—A Boston syndicate has bought the Magdalene Islands in the Gulf of St. Lawrence for half a million dollars.

A BOY MURDERER.

Langton, Ont., June 21.—John Bohrer, aged 12 years, was shot and instantly killed near the village last night by a boy named Davies, aged 14 years. The boys had a standing grudge.

STABBED TO THE HEART.

Chatham, Ont., June 21.—Last night a young man named Frank Bear, 23 years of age, was sitting with a young lady on the steps of the exhibition grounds. Two young men passed and made some offensive remarks. Bear spoke sharply to them, when one of the men, Augustus Park, stabbed Bear to the heart, killing him at once. Park gave himself up.

CURED LEPROSY.

Montreal, June 21.—Dr. Fulton writes to the *Star* stating that he recently cured two cases of leprosy in the city.

THROUGH AN ELEVATOR.

The proprietor of the Cambridge Hotel, John Webster, fell down the elevator shaft of the new Temple building and was killed.

GREAT FRESHET.

Halifax, June 21.—Heavy rains last night and to-day caused the greatest freshet ever seen in Folly and Great Village rivers. Three bridges were carried away at Arcadia.

THE GENERAL ASSEMBLY.

Toronto, June 21.—Through the convener, Dr. Torrence, the following statistics were laid before the Presbyterian General Assembly. The church has 152,013 communicants reported, an increase upon last year of 6,376. About 12,000 new members were added in 1888. The average contribution per family for all purposes in the Presbyterian Church in Canada for 1888 was $24 40, and $12 86 per communicant, an increase upon the previous year respectively of $2 20 and $1 63. The total income for last year was $1,945,723, an increase upon 1887 of $21,247.

A HUMAN HAND.

Halifax, June 19.—While the schooner Hattie was fishing on the banks one of her men caught a large-sized halibut. The fish was of such large proportions that it took several of the crew to haul it aboard. Upon opening the halibut a portion of a woman's hand with the thumb and the first and second fingers was found. On the 2nd finger was a plain gold band ring, on which were engraved the letters "G. W. G." The ring is in Captain Isenhauer's possession.

Syrup of Figs

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently, on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

Another Freight Line.

The Nanaimo *Free Press* says: It is learned on good authority that arrangements are being made by the steamship Southern California, running between San Francisco and Nanaimo, for the carrying of freight on the upward trip to Victoria, Vancouver and Nanaimo. On her last trip the Southern called in at Victoria and made arrangements whereby she can go into the inner harbor and discharge freight at Turner, Beeton & Co.'s wharf.

Another Discovery.

Mr. A. Shaw, ticket agent of the E. & N. depot, who lately returned from a prospecting trip to the source of Englishman's river and thence across the divide to the headwaters of the Nanaimo river, brought back some specimens of quartz that will in all probability assay out richly. The ledges are situated about 10 miles from the Nanaimo lakes in a densely wooded and very rough district. The ledges were discovered on the bank of a small stream leading into the South Fork of Englishman's river and were well defined and about 36 inches wide.—*Courier.*

Alberni Notes.

The weather lately has been fine and warm but no rain, which is greatly needed, for grain and root crops, whilst even meadow land is beginning to turn brown.

Salmon are beginning to run up the river in great quantities and the Barclay Sound Fishing Company will soon begin operations.

The Alberni and Nanaimo road has improved wonderfully during the recent spell of fine weather but still at best it is only a trail in places and much work is needed before it can be regarded as even decent for a team to travel over.

Grouse are reported as very plentiful owing to the dry spell during the nesting season, and game (deer, elk, bear, etc) is frequently seen while travelling along the settlers' roads, all of which presages well for sportsmen next shooting season.

Trout fishing in the lakes and streams near here is generally indulged in by the settlers, several large creels having been taken lately.

Thanes farmers who have cut their grass report splendid crops of timothy and clover, though they are beginning to cry out for rain.—*Courier.*

Force of Example.

[Chicago Tribune.]

Husband—It is true, Maria, I sometimes go out and take a social glass with a friend. Associated as I am in business with men who drink occasionally, and having for my acquaintances and intimate friends chiefly those who are accustomed to drinking in moderation, I cannot well avoid following their example once in a while without appearing unsocial.

Wife—Gol-lee! Christopher Beaswax! Confound the luck to thunder! Saw my blamed head off, if I——

Husband (in astonishment)—Are you crazy, Maria? What do you mean by such language?

Wife—I am only talking as you do, John; if you slap up a tack when you get up in the morning or run a splinter under your finger-nail in making a fire. Associated as I am, John, in close relations with a man who talks in this style, I cannot well avoid following his example once in a while without appearing unsocial. Whoop! Darn it all! The baby has smeared molasses candy on this beastly door knob again——

Husband (humbly)—I'll sign the pledge to-morrow, Maria.

LATE ALASKA NEWS.

Mining and Other Matters from the Far North.

From the Juneau Free Press.]

The sailor picked up by the Elder, who was a deserter from H. M. S. Swiftsure, had about $75 on his person.

A meeting of the citizens of Juneau was called at the court house for the purpose of making preparations to properly celebrate the 4th of July.

The latest reports from the Sunnyside, the new bonanza recently struck near the entrance to Sum Dum Bay, are indeed encouraging.

The Senatorial Committee has failed to appear in our waters, and all Juneau is disappointed except the barber and laundryman.

The two horses shipped up by Frank Nowell are named respectively James G. Blaine and Grover Cleveland. Blaine, as a matter of course, is the best horse of the two.

Mr. Welle, special correspondent of the Cincinnati *Enquirer*, was a passenger to Alaska on the Elder. He started for the Yukon with the intention of writing a full description of that country to the papers he represents.

What at first had the appearance of winding up in a long-winded lawsuit between the owners of the Glacier and Silver Queen, adjoining locations, and two of the most valuable claims on Sheep Creek, was this week adjusted by compromise. Immediately after the compromise contracts for extensive development work on the Glacier location were let.

A GREAT MINING COUNTRY.

A correspondent writing to THE TIMES says: "There are now five quartz mills in operation on Douglas Island and on the mainland opposite, in the vicinity of Juneau, all working on profitable ore, viz.: The celebrated Treadwell with its 240 stamps, Coulter's, Dapew's, Nowell's, and Hipner's, while it is confidently expected to erect several more at an early day. But few people in your parts have any idea of the hundreds of tons of mining machinery that are being shipped to this Territory. Recent developments point to it as promising to be one of the largest bullion producing portions of the United States of America. Fifteen tons of silver ore brought down by the Elder on her last trip, from the Sheep Creek mines, located on the mainland opposite the Treadwell, assays $2000 per ton. This promising mine is owned by Purser Currier, of the steamer Elder, Reynolds and Company. On account of the amount of profitable quartz reduction going on business is and about Juneau is particularly bright and healthy."

Why cannot this condition of things exist in this province, where there are even now many mines sufficiently developed to warrant the erection of quartz mills? There is something radically wrong with either our people or our mining regulations. At the same time it is true that both the Dominion and Provincial Governments are responsible for the lack of movement in this connection. On the mineral lands of the railway belt, where large sums of money have been expended by private parties in development, results prove the existence of immense bodies of fine paying ore, but as no title can at present be obtained from either Government, capitalists will not put in the necessary cash to place the mines on a bullion producing basis; hence the present owners, notwithstanding their large expenditures, have to allow their investments to lie idle and continue to play the waiting *game*, which has been so disastrous to British Columbia in the past, not only in mining but in other desirable and needed improvements. When will this incompetent policy of driving capital away from the province cease? Certainly not until we have had a new deal.

PERSONAL.

Items Telling of Movements of Well Known Persons.

Thos. G. Shearman and wife, of New York, arrived on the Sound steamer last night and registered at the Driard. Mr. Shearman was one of the counsels for Henry Ward Beecher in the Beecher-Tilton scandal case, and during the arguments in the trial shed tears and was dubbed "Tearful Tommy" in consequence. Mr. Shearman is a warm advocate of the single tax theory and occasionally lectures on the subject.

Rev. J. M. McLeod, Charlottetown, P. E. I., in answer to a petition from Vancouver, will arrive on Friday and will take charge of a new Presbyterian congregation that is being formed. The reverend gentleman, it will be remembered, visited Victoria last year.

John Dawe, inspector of Dominion postoffices, is to be superannuated, the change to take place on July 1st.

Col. Fred. Crocker, vice president of the Southern Pacific Railway, is expected to arrive in the city this evening.

NEW SEATTLE, B. C.

TO THE EDITOR OF THE TIMES:

DEAR—"But he that filches from me my good name, robs me of that which naught enriches him and makes me poor indeed."

SIR,—When reading of the new settlement (thus far on paper) called "New Seattle, B. C," the question immediately arises: What motive is there for creating this confusion of names; what are these land operators driving at; whom do they seek to hoodwink and delude? Seattle, Washington, U. S., obtained its name in memory of a valorous chief of a large tribe of Indians who roamed over that territory; it is a local reminiscence and of historic interest. Bad example corrupts good manners. Think of the naming of Granville, Gastown or Hastings. But the sound sense of the people which prompted laws to protect trade marks and laws to punish the fraudulent use of the label "dairy butter" for oleomargarine, will look with distrust upon this "New Seattle, B. C." Reflect, you land operators, whilst it is yet time; Give your town, which we hope may prosper and develop in a respectable commercial way, an honest name, not this one, evidently calculated to mislead and deceive.

H. J.

ANNUAL SCHOOL RETURNS.

TO THE EDITOR OF THE TIMES:

SIR,—As the time is drawing near in which teachers and trustees must prepare their annual returns for Mr. Pope, it may be well to warn and caution them concerning these returns. It has been the custom for Mr. Pope to direct teachers in graded schools to make up false returns of their schools, because he says "he does not know of any other system." Of course since he cannot show the teachers how to keep daily marks, it is not to be expected that he can show them how to make out proper returns. As the returns are prepared for the trustees by the teachers, they should satisfy themselves before signing it that what I have stated above is a fact. The teachers may not be aware that they are liable to be called upon to swear that the returns are true. Some of them would have to swear that they were true in accord with Mr. Pope's instructions, otherwise they are false. Yours truly, J. N. MUIR.

Fire Alarm.

At 12:30 o'clock this afternoon a fire was discovered in the grass near the Gorge House. An alarm was turned in and the Department were promptly on the ground. The fire was near a lumber pile belonging to Messrs. Smith & McIntosh. It was stamped out before any damage was done. The fire was caused by a number of boys smoking cigarettes and throwing matches in the dry grass.

A CURIOUS GOVERNMENT.

The Colonist in its efforts to exculpate the Government of being the real instigator of the Peace river controversy, points out that GLADSTONE and SALISBURY both gauge public opinion through the newspapers. This much we concede without qualification. THE TIMES is agreed with the Colonist on this point. If Mr. GLADSTONE and Lord SALISBURY wish to ascertain just what public opinion is, they must read the newspapers. But this statement of the Colonist's is an evasion of the point at issue. The champion of the "veiled prophet" either innocently or purposely perverts our meaning in our charge against the Government of being too cowardly to formulate a policy without first having sounded public opinion. The Colonist must know that neither GLADSTONE nor SALISBURY undertake to gauge public opinion by fomenting newspaper controversy as the condition precedent to the promulgation of any species of public policy which they may have in contemplation. Are we to suppose that GLADSTONE did not undertake to champion the cause of Ireland until he first had sifted public opinion through the press? Shall we suppose that every time SALISBURY contemplates an important political move he first stirs up public opinion in advance that he may go ahead with his project or abandon it, according to the verdict of the people? Not by any means. These men formulate a policy, present it to the people on its merits, content to abide the consequences whether it means continued tenure of office or the reverse. How different here with the narrow-gauge gentlemen who ran the political machine of this province. Catch them formulating a policy, and declaring a willingness to sink or swim by it! Not they! They prefer to pull at the wires, ascertain public opinion, and adapt themselves to it whether they believe public opinion to be right or not, and yet the Colonist would have us understand that GLADSTONE and SALISBURY have adopted this trimming policy; that they are always on the alert to accommodate themselves to every shift of the political compass. But, exclaims the Colonist, the Government has the right to ascertain public opinion. The Government has the right to ascertain public opinion, but not until they have given public opinion a chance to form an intelligent opinion. Has the public been given an opportunity to form an intelligent opinion as to the merits of the land exchange and the ulterior consequences thereof? The Government has not dared to say a word on this last phase of the matter, and so we must conclude that ours is a Government without convictions and without a policy, which they dare not make public. If the men who constitute the Government, owing to constitutional pliancy of political back bone, and a consciousness of hopeless mediocrity, cannot navigate the ship of state without first consulting the newspaper Wigginses, they properly are objects of sympathy. If, however, these men are really skilful political navigators, big brained, disinterested patriots, but who owing to their lust for power and greed of political flesh pots are content to be tossed about at the mercy of every breeze taking rise from the caprice of the public, then are they unreliable administrators and proper subjects for the distrust of honest men. Does our contemporary really flatter itself that the public is so unsophisticated as to accept the promise that the recent land exchange controversy was not inspired by the Government? Are we to suppose that the Colonist gratuitously supported the scheme for the exclusive benefit of Mr. HEWSON? Is the Colonist in the habit of undertaking such Quixotic adventures as this? As the Government organ, the Colonist must toot the Government horn, but when it undertakes to say that the Government is without guile in this matter, it tasks credulity. The Government is afraid to shoulder the responsibility of this land exchange, for the reason that they are not sure of the consequences. If the motive for the exchange was clearly a beneficent one the Government would modestly insinuate that they had a finger in the pie; but as the ultimate consequences of the exchange are still dubious, the Government craftily propose to throw the responsibility of it on the people. If there are any afterclaps, the Government wishes to be in a position to exclaim to the people, "you would have it so." Too thin, too thin, all these arguments of the Colonist. Weighing the Government in the scales of probability, as warranted by surrounding circumstances, their heels kick the beam, and our contemporary's artful perversion of our charges are too transparent to be worthy of acceptance. If the Government dare boldly advocate the Peace river land exchange, and dare to fully enlighten the public on the probable consequences of it, the TIMES might be able to endorse the scheme. As the matter stands at present, however, the whole thing has a dubious appearance. Unquestionably the difficulties arising from dual possession of the railway belt must be removed, but before consenting to an exchange of the location of those difficulties, we want more light on the question; and we are in hopes, if Mr. HIGGINS and the Colonist continue their interesting controversy, for some weeks longer, that we will obtain the information desired.

PRESBYTERIAN THEOLOGY.

We have had a pretty lively time of it in matters theological these past few months, and one may say the world has made a stride forward in that time. The attack on the old theology was led by Mrs. WARD, and fortunately for her and her sympathizers, was opposed by Mr. GLADSTONE, whose name even in opposition made "Robert Elsmere" popular. Professor HUXLEY followed in an article approving of the poetry and teaching of the Christian religion, but attacking without mercy the superstition which ignorant tradition had woven around the plain teaching and life of Christ. He created a storm among theologians, as all original thinkers have done, but we may not have to live long to hear him quoted as an authority by the orthodox of a future day. As he says himself, a man preaches a new doctrine, his contemporaries slay him, and the next generation worship him. We have had something like this in two of the churches in Scotland in their May meetings. Only eleven years ago the General Assembly of the Free Church found Professor ROBERTSON SMITH unfit to teach in their college, because he did not believe in the plenary inspiration of scripture, and, already, we have Dr. Marcus DOD elected Professor of New Testament Exegesis in the Free Church in Edinburgh, though he clearly expresses the same views which were held to disqualify Professor SMITH eleven short years ago. Dr. DOD thinks the church ought to formulate a theory of revelation, which should account for the "mistakes and immoralities of the Old Testament on a principle which would satisfy thinking men," and the Free Church of Scotland has appointed him teacher to their coming ministers. In the Established Church the movement has not been so complete, but the fact of discussion having taken place is something, for with free discussion truth must prevail. In a debate on an authorized Book of Prayer, Dr. CUNNINGHAM moved that the Apostles Creed be struck out of the book, on the ground, mainly, that no member of the Assembly believed that Christ descended into hell. He failed in obtaining a majority, or, indeed, of gaining reasonable audible support, but many believe he has only to bring the subject up once or twice again, when this document shall have to follow much of what has grown round and almost choked the simpler and purer teaching of the Master.

EXECUTION BY ELECTRICITY.

Now that the State of New York has adopted electricity as the mode of "removing" criminals, the question as to whether it is really sure death becomes a matter of supreme importance. From the nature of the evidence which is coming in from various quarters, we are made to understand that electricity is not sure death. A certain H. M. Stevens, of Boston, some four years ago, received a shock equivalent to 1500 volts, the greatest on record so far as known, and the man is still alive, and in better health than ever before. Mr. STEVENS was superintendent of the Middlesex Electric Lighting Company, in Lowell. In making a tour of inspection of the machines he came in contact with the brushes of a thirty-five-light dynamo. He slipped upon an oily spot on the floor, fell forward, instinctively put out both hands to save himself and unwittingly grabbed with either hand the positive and negative brushes of the machine. A circuit was completed, with his body as the medium, and a force of electricity equal to 50,000 candle-power, or about 1,500 volts, shot instantaneously through him and prostrated him violently in the field of the machine.

Mr. STEVENS was at once subjected to the best medical treatment in the city without any apparent benefit, until at last at the suggestion of an employee about the works his body was placed on the ground where it was damp, with the result that he immediately revived, and in a few weeks recovered full health as previously stated. On the whole we do not regard Mr. STEVENS' remarkable recovery as good argument against death by electricity. Complete unconsciousness is induced by the shock with a suspension of all the vital functions as far as noticeable, and the doctors can go on dissecting all the same. After the victim's brain, heart or stomach, have been removed, and in the hands of students for examination and study, it may be assumed that the owner is as dead as the most fastidious could desire.

A dispatch appeared in a morning contemporary last week stating that "Considerable surprise is expressed in official circles (Ottawa) at the evidence given by Mayor Grant, of Victoria, in reference to the Alaska boundary before the senate committee of the United States on its recent visit to the capital." A close perusal of the eastern papers shows that no surprise has been publicly expressed excepting by the correspondent who gave the Colonist this information. Strange, isn't it?

"Man's inhumanity to man makes countless thousands mourn," according to Bobby Burns. But thousands and hundreds of thousands of dollars contributed for the relief of the Johnstown sufferers shows that there is another side to the picture.

CLERICAL DISTRESS.

London *Truth*'s attention having been called to a number of cases of clerical distress put forward in the report of the Clergy Corporation in support of the claims of that institution upon the benevolent, reproduces the same, together with a number of instances *per contra* which indicate how very easily the Church might relieve clerical distress, were the Church so minded. For the greater convenience of the reader, the two lists are placed side by side:—

"Outlines of a few out of a large number of sad cases of distress to whom the Committee (of the Clergy Corporation) have recently given temporary assistance	Outlines of a few out of a large number of shocking cases of excessive income to whom the Committee (of the Clergy Corporation) are respectfully referred when they next find a clergyman in need of temporary assistance:
"A Curate with eight children under eight years of age, and a stipend of £120 a year."	An Archbishop (of Canterbury) with one or two children, and a stipend of £15,000 a year and two residences
"A Vicar with five young children, and an annual income of £134.	A Bishop, of Durham, with no children, and an annual income of £7,000.
"A Curate with six young children, and an annual income of £134.	A Bishop, of Winchester, with some adult children, and an annual income of £6,500?
"A Vicar with six children under fifteen years of age, and £134 annual income and a house."	A Bishop, of Lichfield, with two young children, and £4,200 a year and a house.
"A Vicar with eight children under eighteen years of age, and £117 annual income."	A Bishop, of London, with four small children, and £10,000 annual income.
"A Curate with six young children, and a stipend of £120."	A Rector, of Bredon, with 200 cottages to look after, and a stipend of £1,800.
"A Vicar with eleven children under fifteen years of age, and an annual income of £126."	A Canon, of London, with no children, and an annual income of £1,000.

It is difficult, adds *Truth*, to say which out of the foregoing series of facts is the more discreditable, but, on the whole, we think that the children are the worst feature. Excessive wealth may be unApostolic. In immediate juxtaposition with excessive poverty it may even be un-Christian; but we can understand a fat ecclesiastic with his £5,000, £7,000, or £15,000 a year, repeating to himself night and morning the comfortable text about the mammon of unrighteousness, and flattering himself that he is making friends of the accursed thing in a way to insure his ultimate reception into everlasting habitations. Then, again, as to the poverty, it is very scandalous to the Church as a whole to countenance a sort of ecclesiastical sweating system.

CITY AND PROVINCE.

—Corns cause intolerable pain. Holloway's Corn Cure removes the trouble. Try it and see what an amount of pain is saved. *

—The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial. *

—Sure but not slow.—People who have used *Dr. Thomas' Eclectric Oil* to get rid of pain, find that is sure but not slow. A cough even, of long standing, is speedily controlled and cured by it. Rheumatism, neuralgia, corns, lame back, and swelled neck, rapidly disappear when it is used. *

—Mr. R. A. Harrison, chemist and druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery and Dyspeptic cure for dyspepsia, impure blood, pimples on the face, biliousness and constipation—such cases having come under my personal observation." *

—Restless, morbid anxiety, and a fretful disposition, are usually met with in the dyspeptic. These mental *indicia* show how close is the connection between brain and stomach. Their most prolific cause, dyspepsia, is a complaint for which Northrop & Lyman's Vegetable Discovery and Blood Purifier is used with unvarying success. It also remedies biliousness, constipation and impurity of the blood. *

—Mr. W. J. Lang, Bethany, Ont., writes: "I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. As a last resort, I tried *Dr Thomas' Eclectric Oil*, and in ten minutes found relief. I continued using it, and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c.; in fact it is our family medicine." *

"There was a frog who lived in a spring,
He caught such a cold that he could not sing."

Poor, unfortunate Batrachian! In what a sad plight he must have been. And yet his misfortune was one that often befalls singers. Many a once tuneful voice among those who belong to the "genus homo" is utterly spoiled by "cold in the head", or on the lungs, or both combined. For the above mentioned "croaker" we are not aware that any remedy was ever devised; but we rejoice to know that all human singers may keep their heads clear and throats in tune by a timely use of Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery, both of which are sold by druggists.

Arrived.

Bass XXXX Ale (Lamb's Wool) at the Occidental Hotel bar. *

ROYAL HOSPITAL PROPERTY

FOR SALE BY TENDER.

PURSUANT TO AN ACT PASSED AT THE last session of the Legislative Assembly of British Columbia, entitled "An Act to authorize and facilitate the sale of the site of the Royal Hospital, with the buildings thereon," the Directors of the Royal Hospital invite sealed tenders for the purchase of so much of the lots known and numbered on the official map of Spring Ridge as Sections 21, 22, 26 and 27 Spring Ridge in the City of Victoria, as is authorized by the said Act to be sold, being the present site of the Royal Hospital, with all improvements thereon, and containing five acres, more or less.

Tenders must be accompanied by a certified bank cheque for one thousand dollars; the balance of purchase money which shall be payable as may be agreed on, shall bear interest at the rate of 5 per cent. per annum, and shall be secured in a manner satisfactory to the Directors.

For Plan of Property and further particulars apply to J. Stuart Yates, Hon. Secretary, to whom the tenders marked "Hospital Site Tender," must be addressed and sent in on or before 12 o'clock noon on the 21st day of June, 1889.

The highest or any tender not necessarily accepted.

LORD ADELBERT F. CECIL.

His Melancholy Fate—A Man of Brilliant Parts.

A correspondent writing from Kingston, Ont., gives further particulars about the life and character of the late Lord Adelbert Percy Cecil, who was drowned a week ago. He was the youngest son of the late Marquis of Exeter, and Baron of Burghley, Northampton, England. He was going from Belleville in a boat in company with Mr. Churchill, with a load of stores and camping material, and when off Poole's point, a short distance from Adolphustown wharf, he rose up in the boat to adjust the sail, when losing his hold he fell headlong into the water, coming up at some distance. He swam around for a few minutes and then sank before the boat could be got around where he was. He was going to hold a series of meetings in the city of Adolphustown. He was thought to be a good swimmer, and at first it was thought he might reach shore safely, or at least keep afloat until he was rescued. Mr. Poole, who witnessed the accident from the shore, shouted to him to keep up courage and he would be rescued all right. He answered back "No!" and immediately went under.

Lord Cecil was born July 18, 1841, and joined the First Rifle Brigade in England when 17 years of age. He was a wild, reckless youth, full of dash and pride, an inveterate gambler and horseman, and one, as he stated in a sermon at Brockville, "who had committed every sin in the decalogue." He served as lieutenant in the Rifle Brigade, and with it came to Canada, to be stationed in turn in Kingston, Hamilton and Quebec. In 1868 he left the brigade because he was prohibited from promulgating the religious doctrine he professed among the men. The matter was fought to the bitter end, and it was not until the Duke of Cambridge issued a mandate that the conflict ceased. Then Lord Cecil tendered his resignation, and since that date devoted his time, talents, and fortune to the propagation of the doctrine, to whom he bore the relationship of chief brother. To-day his followers are all scattered in all lands. They are known as Cecilites or Plymouth Brethren, but these titles are not recognized by those who have close relationship in the work. Lately he spent most of his summers in the neighborhood of Kingston, camping and evangelizing.

HIS CONVERSION.

"Lord Cecil told me," said a lady today, "about his conversion. He was in Hamilton in 1867 or 1868, when he was called home on the demise of his father. His mother, the Marchioness of Exeter, a godly woman, and his sister, the wife of Viscount Landon, another pious lady, both appealed to him to forsake his wild career. Little good resulted, but on his return to Hamilton early religious impressions, which had been made by a devoted governess who frequently talked to him in childhood about Jesus, came swelling upon his soul, and a marvellous conversion occurred. He told me he was out with the soldiers on the march, and while the most lively music was being played he was stricken with the enormity of his sins. Then and there with timidity he asked to be pardoned, and God gave him peace. He frequently told me that he could go to the very spot in Hamilton where the glorious change was wrought."

Lord Cecil was of a most gentle and lovable disposition. He was retiring and most unpretending. He was devoted to God and His work. He was remarkably gifted. His knowledge of the Scriptures was something wonderful. He was eloquent and yet simple. His language was grand and lofty, and his bearing was gentle and winning. "Frequently he held his co-religionists spellbound as he unfolded to them the deep things of God," said a Plymouthite. "He was what would be termed in any other Church a big gun." He spent his winters in the Southern States.

He was not given to telling of his family history. His ancestry was ever kept in the background. Once he was asked as to his relationship with the Marquis of Salisbury, the present Premier of England, and as the question was pointed, and as it was said he was his brother, he stated as follows:— "William Cecil was an eminent statesman of Lincolnshire, born in 1520, and son of Richard Cryssel, an officer of the court in attendance upon Henry VIII., and who was raised to the baronetcy of Burghley in 1571, in Queen Elizabeth's reign. This statesman married in 1561, Mary, sister of Sir John Cheke, tutor to Edward VI., to whom was born Thomas Cecil, successor to Baron Burghley. The first wife dying, the Baron was married again to Mildred, daughter of Sir Anthony Coke, of Giddy Hall, Essex. By her Robert Cecil was born, afterwards created Earl of Salisbury and from whom the present earl is descended. Lord Cecil is a descendant of the heir to the baronetcy. Two families sprang from the same parent. This constitutes the relationship."

THE WEALTH ALONG THE C.P.R.

Eli Perkins Tells About the Great Canadian Northwest.

I have been simply astounded, writes Eli Perkins in the New York *World*, at the natural wealth along the entire line of the C. P. R. Though only five years old it is a self sustaining road from Winnipeg to Vancouver, its splendid harbor on the Pacific; has grown from a wilderness to a city of 10,000 souls in three years. The miracle of Oklahoma with its Guthrie built in a day has been eclipsed by Vancouver. The road really ends in Victoria which has a population of 14,000 souls! Beautiful Victoria! embowered in perpetual roses and grand old oaks. Victoria is Venice and Geneva combined. She faces the grand old Pacific, breathing the trade winds from the tropics, while behind her is snow capped Mount Baker. She looks over the Strait of Juan de Fuca upon the picturesque Olympian mountains and down upon placid Puget Sound studded with almost tropical islands covered with gigantic pines which are giving place to vineyards filled with peaches, and the crops of Missouri and Texas.

Immediately on leaving Winnipeg the C. P. R. strikes the fertile prairies of the Saskatchewan loaded with wheat and cattle and fanned by the warm Chinook winds from the Japan seas. Here is a fertile farming country as level as Illinois and as black and rich as the alluvial soil of Iowa, 1000 miles long and 600 miles wide. It reaches from Winnipeg to the Rocky mountains, and from Dakota and Wyoming to the Athabasca and Peace rivers. It grows more temperate as it goes north until on the Peace river we find the climate of Missouri. Under all this is a thick deposit of coal. Coal crops out in a thousand places, at Medicine Hat, Brandon, and Battleford. At Calgary the road strikes the Rockies filled with the same rich silver, copper, iron and gold mines that we find lower down at Butte, Helena and Leadville. At Banff, the Interlaken of America, are rich anthracite mines as rich as Wilkesbare and Scranton. This anthracite is now being shipped to Vancouver, Portland and San Francisco.

There is no poor soil along the C. P. R. There is no Humboldt basin, no thousand miles of hot waterless sand. The country between the Rockies and the Cascades is heavily timbered with cedar, balsam, pine and hemlock. The grass is as green as in New England. Every garden springing up in the forests shows thrifty corn, potatoes, peas and luscious fruits. In all this country the thermometer seldom gets below 12 deg. below zero. It is warmed by the Japan chinook breezes.

The great Fraser which, with the Columbia drains the northwest half of the continent, drains all the country between the Rockies and the Cascades. It is down this river with its roaring torrents, splendid gorges and deep canyons, like the canyons of the Arkansas, that the C. P. R. plunges through the Cascade mountains into the fertile, and almost tropical plains of British Columbia. These plains, fronting on Puget Sound, are loaded with cedars and pine, enough to supply the universe for a hundred years.

The Street Railway Guarantee By-Law, 1889.

WHEREAS, BY A BY-LAW ENTITLED THE "Street Railway Bylaw, 1888," passed by the Corporation of the City of Victoria on the 5th day of December, A. D. 1888, a charter or franchise was granted by the Mayor and Board of Aldermen of the said City of Victoria, to J. Douglas Warren, Andrew Gray, David W. Higgins, Joseph Hunter and Thomas Shotbolt, to lay tracks, erect poles and string wires thereon for motor, lighting, and other electrical purposes.

And whereas, the said J. Douglas Warren, Andrew Gray, D. W. Higgins, Joseph Hunter and Thomas Shotbolt have since assigned all their right, title and interest in and to the said charter or franchise, through the Honorable John Herbert Turner as Trustee, to a company incorporated and known as the National Electric Tramway and Lighting Company, limited liability.

And whereas, the said National Electric Tramway and Lighting Company, limited liability, is desirous of prosecuting to completion the work contemplated and provided for by the said charter or franchise, and have applied to the Corporation of the City of Victoria for aid, in order that the said works may be speedily constructed and put in operation.

And whereas, it is expedient to grant the prayer of the said company for such aid by a guarantee of interest at the rate of five (5) per cent. per annum for a period of twenty years on the sum of forty thousand dollars ($40,000), for a part of the undertaking contemplated by said company, namely, for the purpose of constructing and equipping a Street Tramway or Railway.

And whereas it will required the sum of two thousand dollars ($2000) to be raised annually by special rate for the payment of said interest, in the event of the said corporation being called upon to pay the same;

And whereas the amount of the whole rateable property of the said Corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,445.00, irrespective of any future increase of the rateable property of the municipality and of any income in the nature of tolls, interest, or dividends from the work, or from any stock, shares or interest in the work upon which the money so to be raised or any part thereof is intended to be invested, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas for paying the said interest (in case as aforesaid) it will require an equal annual special rate of one twenty-eighth of one per cent. on the dollar;

And whereas it is intended to reduce the general rate so that the special rate shall not increase the total rate of taxation.

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1. That the Corporation of the City of Victoria shall guarantee interest at the rate of five per cent. per annum on the bonds of the said National Electric Tramway and Lighting Company, limited liability, to the amount of forty thousand dollars ($40,000) for a period of twenty years from the date of said guarantee in manner following, namely:

2. When it shall have been shown to the satisfaction of the Corporation of the City of Victoria that fifteen thousand dollars ($15,000) of the capital stock of the said Company has been paid up by the subscribers thereto and bona fide expended in and towards the construction of a street railway in said city by said company according to their charter, the said corporation shall guarantee interest at the rate of five per cent. per annum on a first issue of bonds of the said company to the amount of fifteen thousand dollars ($15,000), the interest so guaranteed to be paid half-yearly.

3. When it shall have been shown to the satisfaction of the said corporation that a further sum of fifteen thousand dollars ($15,000) of the capital stock of the said company has been paid up by the shareholders thereof and a sum of at least forty-five thousand dollars ($45,000) has been bona fide expended in and towards the construction of a street railway in said city by the said company, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further issue of bonds to the amount of fifteen thousand dollars ($15,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly.

4. When it shall have been shown to the satisfaction of the said corporation that a further sum of ten thousand dollars ($10,000) of the capital stock of the said company has been paid up by the shareholders thereof and that a sum of at least seventy thousand dollars ($70,000) has been bona fide expended by the company in and towards the construction of a street railway aforesaid, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further and final issue by the said company of bonds to the amount of ten thousand dollars ($10,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly, the proceeds of this last issue of bonds to be expended as aforesaid.

5. The liability the said corporation shall not extend beyond the guarantee of interest at the rate of five per centum per annum as aforesaid.

6. The guarantee is subject to the conditions that the said corporation shall have the right to appoint one or more auditors to examine the books of the said company, and shall have the further right to a representative on the board of directors of the said company during the whole period of the continuance of this guarantee, such representative to be nominated by the said corporation.

7. Any sum or sums of money so paid by the said corporation under its guarantee or guarantees as aforesaid shall be a first charge upon all the property and undertaking of the said company subject to the said bonds, and shall be a part of the consideration for this guarantee and shall be payable and paid to the said corporation by the said company before any dividend shall have been paid to the shareholders thereof.

8. The acceptance by said company of the benefit of this guarantee shall be conclusive evidence of the assent of said company to the foregoing clause of this by-law.

9. The form of bonds to be issued by said company to be approved of by said corporation before any liability under this guarantee attaches.

10. This by-law and the liability of the said corporation is subject to the condition that the moneys expended by the company to obtain the benefit of this guarantee and the moneys obtained from the proceeds of the bonds in respect of which interest is guaranteed by said corporation shall be bona fide expended by said company in and towards the construction of a street railway and for no other purpose.

11. That for the purpose of forming a sinking fund for the payment of said interest an equal special rate of one twenty-eighth of one per cent. on the dollar shall be raised levied and collected in each year in case said corporation be called upon to pay same upon all rateable property in the said municipality during the continuance of this guarantee.

12. This by-law shall take effect on the 28th day of June, 1889.

13. This by-law may be cited for all purposes as "The Street Railway Guarantee By-Law, 1889."

Passed the Municipal Council this 22nd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 12th day of June, A. D. 1889.

The Mayor's Remuneration By-Law

Whereas under and by virtue of the Municipal Act, 1889, it is enacted that the Council of every Municipality may from time to time make, alter or repeal By-Laws for (inter alia) paying the Mayor out of the annual revenue a sum of money not exceeding $2000;

Be it therefore enacted by the Municipal Council of the Corporation of the City of Victoria as follows:

1. There shall be paid to the Mayor for the time being of the said City of Victoria out of the annual revenue of the said City the sum of two thousand dollars ($2000.00).

2. This By-Law may be cited for all purposes as the "Mayor's Remuneration By-Law, 1889."

Passed the Municipal Council, the 23rd day of May, A. D. 1889.

Reconsidered and finally passed the Council, this 12th day of June, A. D. 1889.

City Hall, June 15th, 1889. je15-tf

LOAN BY-LAW.

WHEREAS, THE MUNICIPAL COUNCIL of the corporation of the City of Victoria, has resolved to raise by way of a loan the sum of $45,000, to be expended in street and bridge improvements in said city and in enlarging the area of Ross Bay Cemetery.

And whereas it will require the sum of $2,169 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $45,000, and interest as hereinafter mentioned it will require an equal annual special rate of one-eighteenth of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $45,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects following, that is to say, to be expended in alterations, additions and improvements as follows:

Rock Bay Bridge.
Work Street.
Pandora Street extension.
Third Street extension.
Fernwood Road.
Yates Street.
Broad Street.
Blanchard Street extension.
Wharf Street for sanitary purposes.
Ross Bay Cemetery.
Ontario Street.
Dallas Road.
Catherine Street and other streets.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said city of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of one-eighteenth of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures and such debentures shall be expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no reissue of debentures shall be made in consequence of such re-purchase.

This by-law shall take effect upon the 28th day of June, A. D. 1889.

This by law may be cited as "The Forty-Five Thousand Dollar Loan By-Law, 1889."

Passed the Municipal Council, the 22nd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 14th day of June, A. D. 1889.

MUNICIPAL NOTICE.

All consumers of water of Victoria City Water Works are requested to take notice that water for irrigating purposes shall be used during the irrigating season in the different wards of the city between the hours of 6 p. m. and 10 p. m. only on the respective days mentioned, namely: In Johnson Street Ward on Mondays and Thursdays; in Yates Street Ward on Tuesdays and Fridays; in James Bay Ward on Wednesdays and Saturdays. Any infractions of the above regulations will involve an immediate increase of the water rates of the parties concerned.

By order,
WELLINGTON J. DOWLER,
City Clerk's Office, June 11th, 1889. je11

MUNICIPAL.

NOTICE IS HEREBY GIVEN, pursuant to section 5 of chapter 92 of the Revised Statutes of Canada, intituled "An Act respecting certain works constructed in or over Navigable Waters," that the Municipal Council of the City of Victoria, Province of British Columbia, has deposited with the Minister of Public Works of Canada a plan and a description of a wharf or dock, to be used for sanitary purposes, situate at Ross Bay, at the said city, in the said province, and a duplicate of each with the registrar of deeds for the said city of Victoria.

AND NOTICE IS ALSO HEREBY GIVEN, that application will be made, after the first day of August, 1889, to the Governor-in-Council for approval of said plan and work.

WELLINGTON J. DOWLER,
C. M. C.

Dated at Victoria, British Columbia, this 19th day of June, 1889. je20

Estate of Amsted Buckner Deceased.

ALEX. B. GRAY, } Assignees.
R. ERSKINE. }

NOTICE.

In the Supreme Court of British Columbia.

Between

JOSEPH BOSCOWITZ, Plaintiff,

AND

JAMES WARREN, Defendant.

NOTICE IS HEREBY GIVEN, THAT AN Order has been made in the above entitled action, by the Hon. Sir Matthew B. Begbie, C.J., appointing James C. Prevost, Receiver in the Estate and Effects of the above named defendant, to take possession of the real estate and receive and collect the personal estate, and to do all and singular the matters and things and restrain the defendant and all other persons from interfering with him as such Receiver.

JAMES C. PREVOST,
Dated, Victoria, February 15th, 1889. m16

SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for Post Office, Vancouver, B. C.," will be received at the office until Saturday, 22nd June, 1889, for the several works required in the erection of Post Office, &c., Vancouver, B. C.

Specifications can be seen at the Department of Public Works, Ottawa, and at the office of the Collector of Customs, Vancouver, on and after Saturday, 1st June, 1889, and tenders will not be considered unless made on form supplied and signed with actual signature of tenderers.

An accepted bank cheque payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. This cheque will be forfeited if the party decline the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order

A. GOBEIL,
Secretary.

THE BRITISH COLUMBIA FIRE INSURANCE COMPANY.

TAKES RISKS ON THE CASH OR MUTUAL PLANS.

As this is a Home Company, organized by British Columbians for the two-fold purpose of giving cheap insurance and keeping the money in this Province, it commends itself to the support of every insurer desirous of the prosperity of this country.

In Ontario, the system of insurance, which is similar to that adopted by this Company, has been in highly successful operation for the past fifty years, and it has proved to be a great advantage to every insurer in it, by reducing the cost of insurance, and it is estimated that now three-fourths of the insurance effected in Ontario is carried by mutual companies.

NOTICE.

*Estate of John Cuthbert, de

LOCAL PARAGRAPHS.

News of the City and Province Briefly Told.

—Ice Cream at Stein's.

—Use Treat's Tooth Paste and you will find it a Treat.

—Zylonite collars and cuffs at Dsley's, 111 Government street.

—Nanaimo and Wellington will play baseball next Sunday. Shame!

—Dr. Treat, at the Burnes, is daily operating on some of our best citizens.

—Forty thousand pounds of nails and spikes arrived from the east last night.

—The best Piano made in Canada is the Dominion. Waitt & Co., agents.

—The best German and English Pianos are to be found at Waitt's Music Store.

—80,000 represents the number of Fischer Pianos in use. Agents, Waitt & Co.

—Muslin and granite preserving kettles at McLennan & McFeeley's 70 Yates street.

—The second division of the boys' school will picnic at the Gorge to-morrow.

—Portable picnic boilers for tea and coffee, for rent, at McLennan & McFeeley's.

—The bark Wanlock has left here for Astoria to load salmon, flour and wheat for London.

—$1000 reward by Dr. Treat for any corn, wart or bunion that he cannot remove painless.

—Ice cream delivered to all parts of the city. New England Bakery. Telephone call 161.

—"Ligoomur," the latest and most artistic wall decoration, at John Weiler's 51 to 55 Fort street.

—Campbell & Simpkins, the fashionable tailors of Victoria, announce a general reduction for one month.

—The Board of Aldermen will hold a special meeting this evening to receive bids for the $45,000 debentures.

—Attention is called to the fact that the finest Pianos and Organs in the city can be had at Waitt's Music Store.

—June issue, British Columbian Magazine, is at bookstores and Daily's Bazaar. Everyone should buy this handsome number. 1mo.

—Word comes from Nanaimo that the negotiations for the transfer of the Palace Hotel to Mrs. Gough for $19,000 are off.

—Look out for the advertisement of sale of lots in the town of Seattle, at Mission Bridge, B. C., on June 15th, by F. G. Richards, Jr. *td

—The O. R. & N. Company will issue tickets to the Sound on the 3rd and 4th of July at one fare, good to return until the 5th of the month.

—Visitors before leaving for home should have their photos taken at Hall & Lowe's, Government street, where they are sure to get the best.

—The annual examination of candidates for certificates to teach in the public schools will commence in the Legislative Hall on July 8th.

—It is understood the steamer Cariboo Fly will take the place of the Isabel on the Comox route while the Isabel is undergoing some repairs.

—Yates street above Quadra, and Cook street are both being metalled. Yates street ward is certainly getting its full share of improvements.

—THE WEEKLY TIMES which is really a fine paper for using at home or sending abroad, was issued this morning. For sale at the bookstores or office of publication.

—The American tug Mastick went into the dry dock to-day with a broken propeller. A gang of a dozen carpenters will commence to morrow to overhaul the vessel in general.

—Personal. If that lady will again call at the Lansdowne House, Yates street, she will find the *Hat* required, as Partridge has just received six dozen direct from New York. *2w

—A carload of Antique Oak Bedroom furniture, latest designs, handsomely carved, also Walnut Roll Curtain and other office desks, just received by John Weiler 51 to 55 Fort street.

—The masons on Ald Mahrer's brick building, Nanaimo, have been obliged to suspend work for a few days on account of the scarcity of brick, a result that has been anticipated since the great Seattle fire.

—Mr. Pooley says his trip to Sooke has no official significance. He just went down to look at the roads before the appropriations were expended and when he got down there they asked him to make a speech.

—A correspondent of the Nanaimo *Free Press* complains of dentist's charges. The writer had to pay $10 for filling a tooth and $1 50 for taking out another. When remonstrated with, the dentist said, "Young man, don'd I told you three or four couple of times dat vas my charges, I'll lose money on it."

—Mr. C. E. Riggins, Beamsville, writes, "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

—A young woman eloped from Tacoma last week with the man of her choice, a genial son of Old Erin not long out. The couple went to Seattle and were married before the pursuing parent could reach them. However, the old man graciously forgave his daughter, bestowed his blessing on the young pair and they are now on their way to "Ould Ireland where the grass grows green."

—The London stock markets are still quiet after the holidays. During the week the only noticeable change was a rise in the Northwest Land shares owing to the excellent harvest prospects. The Canada North West Company's shares have gone up nearly 45 shillings per share in a week. The Hudson Bay's advanced on a dividend of 14 shillings per share for the year, compared with no dividend for last year.

Kootenay No. 1 Mining Co.—Foreign. This company was registered yesterday. It is incorporated in Oregon, with a capital stock of $600,000, divided into 120,000 shares of $5 each, and is now registered in compliance with the Foreign Companies Act. The officers of the company are W. H. Prescott, V. P. of the Northern Pacific R. R., President; Hon. Jos. Simon, of the firm of Dolph, Bellinger, Mallery & Simon, Portland, Secretary, C. P. Bellinger, Vice-President; W. H. Hotchkiss, Vice-President of the Union Pacific, is one of the directors, and Jonathan Bonner, Esq., the wealthy mining operator of Eastern Oregon, is also a member. The company own the well-known No. 1 mine upon Kootenay Lake in this Province.

Sudden Death. James Ward, an old man living in a cottage on Cook street where it joins Beacon Hill, was found dead in bed this morning. The deceased was apparently in good health last evening, in fact in such good health that he told a friend that he felt like taking a glass of liquor. He drank a glass of liquor and then complained of feeling unwell. This morning Mr. Alex. Cameron, a close friend of the deceased, failed to notice smoke issuing from the chimney of the deceased's cottage. On closer inspection Mr. Ward was found lying in bed lifeless. Deceased was an Englishman about 72 years of age and had been a resident of the city for many years. He was well off in the world's goods; he is supposed to have left about $7000, which he repeatedly said he intended to leave to a young lady friend residing in the city. In the cottage were found his bank books with a considerable sum on deposit, mortgages, I. O. U's and on his person a gold watch and about $40 cash, which were all taken in charge by the police.

Dr. Childs' Pile Ointment. Instantly relieves and permanently cures piles, pruritus and all hot and itching sores and eruptions. Price, $1, of druggists. daw

Church Services. Presbyterian church services will be held at Cedar Hill on Sunday evening at 7 o'clock; Rev. R. E. Knowles will officiate.

Seattle's Solidity. A gentleman who arrived from Seattle last night says eastern capital is looking towards that city more anxiously than ever. It is understood that an offer of $25,000,000 at 5 per cent has been made to the large real estate holders of the lately burned city by easterners.

Ladies at the Polls. At the election held for school trustee for Yates street ward on Tuesday last, sixty-three ladies voted. The total registration of ladies in the ward is seventy-five, so it will be seen that eighty-four per cent of the ladies voted, a much better showing than the lords of creation made.

The Wily Celestial. A batch of twelve Chinamen, who arrived by the Parthia on Tuesday last, were detained by the customs authorities here for irregularities in their return certificates. One Chinaman of the lot, who endeavored to pass on a certificate, confessed that he had never before been in the country. The whole lot were locked up in a warehouse until a Chinese firm advanced the head money, $500.

Waste of Water. The by-law recently passed by the city council, respecting the use of water for irrigating purposes, is not a matter of form, as many would seem to think. Charles W. Wallace, the inspector, reports a general disregard for the order and has called on quite a number who have been allowing the water to run out of the specified time. A second violation of the rule, if detected, makes the party or parties liable to a fine. Mr. Wallace says his orders are imperative.

Burning of Savona Brewery. A correspondent writes: The Savona Brewery was burned down on the 17th of June, at half past one o'clock, p. m. It was one of the best breweries in British Columbia. There was a total loss of everything—about $18,000. Only a small insurance. If it had not been for the ladies and gentlemen from Van Horne and Savona, as well as a number of Indians, who gave a great deal of assistance in saving the private residence which caught fire several times, it would have burned also.

Music in the Park. By the kind permission of the commandant and officers of C Battery, R. C. A., the band, under the able leadership of Sergt. Proctor, will perform the following selections in the park to-morrow afternoon from 3 to 5.

Quick March.....La Sonnambula.....Bellini
Overture.....Primrose.....Dr. Peart
Valse.....Nearing the Harb.....Prendiville
Selection.....Orphee aux Enfers.....Offenbach
Hungarian Dance.....Labitzky
Galop.....Legacy.....Agius

VIVE LA CANADIENNE. GOD SAVE THE QUEEN.

Sale of the Treadwell. The Alaska Milling and Mining Company, which owns a controlling interest in the Treadwell mine, has, we understand, been sold in London. The price is said to have been $16 a share and also a sum in cash to repay in part the cost of improvements. Mr. D. O. Mills, of New York, who holds about a one-third interest in the property, will retain his interest in the company. As the company has 100,000 shares the basis of selling prices something over $1,600,000.—*Engineering and Mining Journal.*

Northwest Coal. Mr. John Lamb, owner of the Stair Colliery, Stair, N. W. T., and who has been stopping at the Queen's for several days, left for home yesterday says the *Columbian*. During his visit to New Westminster Mr. Lamb placed a large order for timber to be used in his mines with the Royal City Planing Mills. Coal mining is booming in the Northwest, the Stair Colliery being very large and steadily on the increase. The quality of the coal produced there is excellent and well adapted for smelting and smithing. A large and important trade is being opened up with British Columbia.

The Dangers of Eloquence. An amusing anecdote is tickling the risible muscles of some of the citizens of New Westminster at the present time. It is thusly: A young clergyman was preaching a sermon about the prodigal son, and this is one of his oratorical flights: "And, brethren, when this erring young man returned once more to his father's house did that father kick him out and abuse him? No; he ordered to be killed a fatted calf which had been a pet of the household for years and years. What more beautiful instance of self-sacrifice do we ——" Then he stopped and reddened and thought there was something wrong, and the congregation thought so too, although they didn't say anything.

The China Steamers. Mr. R. P. Rithet was asked this morning by a TIMES representative if any steps would be taken to provide accommodation for the C. P. R. steamers calling at Victoria.

Mr. Rithet replied that so soon as there was any notification of the desire of the company to come here, that dock accommodation would be at once provided. That could be done at very short notice; much more quickly than steamers could be got ready for the service.

Beyond the assurance given by President Van Horne to the newspaper men that the steamers would call here there had been no intimation of such intention, and in any event it would be some months before the new service could possibly go into effect.

Dr. Webb's Opinion. Dr. Webb, President of the Wagner Car Co., who recently visited the coast, says: "I think the Canadian Pacific Railway one of the best managed roads I have ever known. Their system is very good and compares favorably indeed with railroads in the United States. Mr. Van Horne is the right man in the right place, a thorough railroad man and thoroughly competent. There is a grand future in store for Canada, especially for the Northwest Provinces, as they possess almost every necessity for human habitation, and will in the future give homes to countless thousands. From what I could ascertain the Northwest is going to have a grand wheat crop this season, as on account of the very early spring the wheat is much farther advanced than usual."

Let Us Trade. According to "M Dash" we have only to go to Nanaimo to witness the very antithesis of Begbiedom conduct on the bench. His description of Mr. Justice Plante's court officer makes the Terminal man wish that these two dispensers of "justice" would exchange places and honors. Why can't Begbie be swapped for Plante? Just hear "M Dash":

"While taking my usual afternoon walk the other day, my footsteps wandered in the direction of the Court House, and there being a case on I lingered a short time to see the manner in which justice was dealt out in a western town. In the first place I was amused and pleased to note the *entiente cordiale* that seemed to exist between the magistrate and witnesses. It was refreshing to see the magistrate on two occasions shake hands with the witnesses and then request them to state what they knew about the matter. I thought how much better it was to dispense with the frills and gowns on so often does in the Old Country courts. There was no browbeating, no intimidation of witnesses, and the whole affair passed off like a family party, except to the defendant, who received his sentence the same as any other Court of Justice." But perhaps "M Dash" is some "wretched reporter" who don't know anything about the matter.

THE TACOMA CLERK

Forcibly Denies that he Forged his Employers Name.

William Foster was arrested last night by Supt. Sheppard and Sergt. Walker on a charge of embezzlement. The young man was taken to the city lock-up and was informed that he was charged with stealing the funds of Sawyer & Co., of Tacoma. The prisoner was Mr. Sawyer's confidential clerk and was employed in the office of the firm. He was missed on Saturday morning and it was discovered that he took a sum of money belonging to his employers. He also walked off with the keys of the safe. A reporter interviewed the man this afternoon and was informed that the name of his employer was not forged. "Of course," said Foster, "there is no use denying that I am in possession of my employer's money. I intended to return to Vancouver on Saturday and informed Mr. Sawyer of my return. I sent him a telegram yesterday morning stating that I would be in Victoria last night. That was the reason for my arrest. I did not want to run away and my telegram to the firm shows that I was on the way back. Mr. Hall, a member of the firm, called to see me this morning. I am going back to-morrow morning and will explain everything. There has been a misunderstanding and the published report in this morning's paper regarding forgeries and women is not correct." Foster appears to be a very respectable young man. He intends to return without any trouble and the whole affair will most likely be explained away to the satisfaction of the parties concerned. He did not state the reasons for leaving Tacoma and was not anxious to have the affair reported in the newspapers until he was shown the report in this morning's *Colonist*, which Foster considers unfair and unjustful. He considers that the reporter should have heard his side of the story before publishing the sensational report.

POLICE COURT.

(Before Hon. A. N. Richards, G. C.)

Wm. Millar, sentenced on Thursday to pay a fine of $5 or imprisonment for one month, was again before the Magistrate this morning on the same charge, drunkenness. He was again fined $5 and will be sent to gaol for one month unless the fine is paid.

His Honor remarked that Miller could not afford to pay $5 per day, a sum sufficient to pay the salary of the Police Magistrate.

The C. P. N. Company answered to a summons under the Merchants' Shipping Act for refusing to pay wages to seamen.

Mr. Helmcken appeared for the company and asked whether His Honor considered that he had jurisdiction to try the case.

His Honor stated that the Act called for two Justices of the Peace to try cases of this description.

Isaac Bechtel was charged with assaulting Sydney Holbrook.

Charles Wilson appeared for the defense and pleaded "not guilty."

The complainant said the defendant went into Haynes' store and struck Holbrook in the face; they clinched and fell on the floor; defendant said Holbrook deserved all he received.

To Mr. Wilson—Returned from Port Townsend a few days ago; cannot say why the assault was committed; am a cook; left Mr. Bechtel's employ two months ago; went to Portland two months ago; saw Mrs. Bechtel there; was not with her all day; was discharged by the defendant, who said witness was causing a disturbance in his family; worked at Bechtel's before going to Portland; did not correspond with Mrs. Bechtel; wrote one letter; defendant said witness should go to Portland to look after Mrs. Bechtel; defendant said he separated from his wife; met Mrs. Bechtel at Middleton, Portland; received no letters from Mrs. Bechtel; did not know what sort of a place Middleton was; saw Mrs. Bechtel at the depot; walked around with Mrs. Bechtel; dined together; had a private room.

To His Honor—The assault was committed in a baker's store on Broad street; worked as cook for Mr. Bechtel; he is an hotel keeper; worked at the hotel 18 months ago; made the acquaintance of his wife then; defendant thought the complainant too intimate; was with Mrs. Bechtel from noon to 4:45 o'clock; a private room is a stall in a restaurant; stayed there 20 minutes; it seems now that the defendant shows why he committed the assault; consider that any man has a right to speak to an acquaintance; am aware that Mrs. Bechtel is the wife of defendant; arrived here on Tuesday and was assaulted on Wednesday; never took any liberties with defendant's wife; he imagined that witness was too intimate with his wife.

Mr. Wilson said he would put the defendant in the box and prove that domestic misery was caused by the complainant, which wrecked a home; the husband gave the woman a good home and everything to make her happy. The defendant wished to keep this thing quiet, but the whole thing was known to the public, and evidence of the husband would prove that the complainant was responsible for everything. The women was sent to her home in Portland and was followed by Holbrook; she was left in Port Townsend by her husband, and was followed again. On her return to Victoria the man follows again, and did not receive one-half the punishment he deserved. Mr. Bechtel would be called as a witness for the defence if his honor wished to hear the man who once had a happy home.

Isaac Bechtal sworn—I am proprietor of the Vancouver hotel; I was married eleven years ago; two children are living; saw complainant a year ago; he worked in the hotel; he also worked there two months ago; saw that he was too intimate with Mrs. Bechtel; saw them speaking in the yard several times; found them in the storeroom together; complainant told himself; told Mrs. Bechtel to go to Portland; witness said he would sell out in Victoria and go somewhere else and start again; at Port Townsend Mrs. Bechtel wrote to complainant to come to her; came over with Mrs. Bechtel from Portland six weeks ago on Tuesday; saw defendant on the street raising his hat to Mrs. Bechtel, who was standing at a window in the hotel; was walking along with the children when the complainant raised his hat; left the children at the hotel and went around after Holbrook; found him in a baker shop; he turned round and was not struck from behind; after the assault complainant was around the hotel.

Mr. Bechtel to Complainant—Did not see you around the hotel after the assault; politics said they saw you.

Henry Bates, a painter, said he knew the parties; had a conversation with Holbrook after his discharge; Holbrook said he had not kicked up one half the disturbance he intended to in Mr. Bechtel's house; Bechtel paid Holbrook a month's salary and let him go after working twelve days.

To His Honor—I have seen complainant talking to Mrs. Bechtal when he was cook at the Brunswick Hotel; everyone in the house knew there was trouble caused by the complainant.

His Honor said—It seems that this man assaulted you and he claims that you stole the affections of his wife; he was told there was something wrong and the evidence went to show that complainant followed her; this led to the assault; the husband became exasperated and took the law in his own hands; when men find disgrace in their homes of this description the punishment given by the law, no matter how severe, does not seem to put a stop to the husband taking the law in his own hands. A man was tried and hanged at Nanaimo for murdering a man in his house. The defendant was to blame for breaking up a home, and a fine of $1 without costs would be imposed. His Honor advised the complainant to leave the country.

Children Cry for Pitcher's Castoria.

Special Charter. Messrs. Alex. and James Dunsmuir have chartered the steamer Princess Louise to carry Col. Fred. Crocker and party to the East Coast, including the Union Mines at Comox. It is expected the distinguished party will start on the trip within the next twenty-four hours. The steamer is lying at the wharf here in readiness for the trip.

An Imperial Garrison. The report circulated some time ago that a company of Royal Engineers would leave the Old Country for Esquimalt, is to a certain extent confirmed by instructions, which it is understood have been received to make the barracks built for C Battery ready for occupation. The first detachment, it is said, will number about 70, which will be augmented from time to time, till the garrison is eventually as large as the one at Halifax. The engineers on their arrival will be employed raising fortifications.

DIED.

PATTEE.—In this city, on the 20th instant, J. Q. Pattee, late of Spokane Falls, W. T., aged 43 years.

WARD.—In this city, on the 21st instant, James Ward, a native of Nottinghamshire, England, aged 72 years.

The funeral will take place on Sunday, at 2 o'clock, from Hayward's undertaking establishment, and at 2:30 p. m. from the Reformed Episcopal Church.

Friends are invited to attend.

CHILCOTIN.

FINE RANCH FOR SALE

AT A BARGAIN.

PROVIS ESTATE.

We are instructed by the Administrator of the above estate to offer for private sale

THE FINE RANCH

Consisting of 320 acres of

MEADOW LAND,

Situated about five miles above Drummond & Beaumont's ranch, on Riskey Creek, on the wagon road from Soda Creek.

There are 20 head of cattle, one fine span of horses, new wagon, sleigh, plough, carpenter's tools and necessary farming implements.

A good never-failing stream of water is running in front of dwelling house. There is a water privilege, also to one-third of Riskey Creek for irrigation purposes, also the right of purchase of 160 acres of meadow land about 10 miles from said ranch, and the right to cut hay on a meadow about a mile distant.

The cattle range is one of the best in Chilcotin, and there is a large stack of hay and one of straw of last year's crop.
